DAFFODIL—EMPEROR

BEAUTIFUL GOLDEN YELLOW—THE BEST OF ALL

60c per dozen, $4.50 per 100

See p. 7
C. C. MORSE & COMPANY’S
CATALOGUE OF
Bulbs, Plants and Seeds for Fall Planting

The Cultivation of Bulbs—For winter and spring, for either out or indoor decoration, is very interesting and much easier than is generally supposed. If the brief directions given below and elsewhere in this catalogue be observed, there need be no disappointment in the results. Many of our most beautiful flowers are produced from bulbs, at a time when flowers are most appreciated, their showy beauty and fragrance being very effective, surpassing even in winter many of the most popular summer flowers and furnishing at small cost a constant source of pleasure.

Remember that the Finest Outdoor Displays of the early spring months are from bulbs planted in the fall. We would particularly impress on the amateur that the fall, and not the spring is the proper time to plant all kinds of flowering bulbs. The larger part of the bulbs offered in this catalogue reach us from Europe and elsewhere in September, and the sooner they are planted after that the greater will be the measure of success.

We invite Special Attention to the fact that our bulbs are all selected from the best growers, are sound and of first size, and we would warn intending purchasers against buying cheap, undersized stock and expect the fine results obtained from selected bulbs such as we offer.

Order Early

Orders Should Be Sent as Soon as Possible after receipt of this catalogue. Orders booked earliest are surest of being filled as ordered, as if left too late, the supply of some of the varieties may be exhausted.

TO THE CUSTOMERS AND FRIENDS OF THE COX SEED CO.:

This is the first opportunity we have had to publicly announce that we have purchased the seed, plant, and nursery business of the Cox Seed Co., and have consolidated their interests with ours.

Their Nursery departments at Oakland and Livermore, and their retail store at 135-127 Market Street, in this city, are now in our possession, and we have relisted all of these departments and are assembling a splendid stock of new crop seeds, bulbs, trees and plants. Most of this new crop seed is from our own seed farm and has already been grown and exceptional quality. Many of the trees and plants we offer are from our own greenhouses and nurseries, and we feel we are ready to give the best possible satisfaction to all who order from us.

We submit these quotations principally to offer our Dutch Bulbs, just in from Holland, but we also have taken advantage of this opportunity to offer such seeds and plants as should be ordered in the Fall. Our general catalogue will be mailed in December.

Hoping to be favored with your orders, we remain,

Respectfully yours,
C. C. MORSE & CO.

GENERAL CULTURE DIRECTIONS

Depths at which Bulbs Should Be Planted

Many of our customers are frequently puzzled to know the proper depth and distance apart at which bulbs should be planted. The accompanying diagram conveys the information much more clearly and briefly than we could describe it. Outdoor planting should be done early in the fall to secure healthy plants, vigorous foliage and beautiful flowers.

Culture in the Open Ground

The soil for most hardy bulbs should be sandy loam, and of a texture that will not retain stagnant water. Well rotted stable manure or bone meal should be thoroughly worked into the soil so that it will not come in direct contact with the bulbs. Most bulbs like rich food if properly applied, as the proper development, luxuriance and brilliancy depend largely upon the nutrition the roots are consuming. Liberal applications of manure water when the flowers are in bud produce magnificent results. The proper depth to plant is carefully indicated on diagram above and deserves careful study.

Culture in Pots

The best potting soil for bulbs is composed of fibrous loam, leaf mold and river sand in equal proportions. The pots should be filled lightly and the bulb pressed into the soil so that its base is firmly fixed. As a general rule, the top of the bulb should just show above the surface soil when planted. To encourage and promote root growth, the pots should be buried out of doors to the depth of six inches and left there for five or six weeks. By that time the pots should be well filled with roots and may then be taken indoors. There the warmth will soon bring them into flower. Plenty of water should be applied and liquid manure is beneficial after the flower spikes appear.

Culture in Glasses

Although there are other bulbs used for this method of culture, large, well shaped, single, hyacinths are the best for this purpose. Place the bulb so that the base merely touches the water. Set the glasses in a cool, dark, airy place until the roots have reached the bottom of the glass, which should be in about six weeks’ time. If then kept in a cool room, they will produce very fine spikes and remain in bloom a long time. As the water evaporates, fill up the glasses and change the water entirely when needed to keep it sweet and clear. A small piece of lump charcoal placed in the water will prevent it from getting foul.

PRESS OF THE CALKINS PUBLISHING HOUSE
HYACINTHS

There are no more beautiful and satisfactory Dutch Bulbs than the Hyacinth. They come in all colors; bright red, blue and orange, as well as in the delicate and softer tints—in singles and doubles—for forcing and for the outdoor garden. They can be grown in pots, in bottles, or in the open air, and they are wonderfully beautiful and fragrant.

Plant Hyacinth bulbs in the open ground in the month of November if possible and they will blossom in February and March. For bedding effects plant 6 inches apart. The soil should be made rich with a liberal mulching of manure. After the flowers have died down, late in the spring, the bulbs should be “lifted” and put away in a dry place and very often they can be used again.

Add 12c per dozen for postage, if ordered by mail.
HYACINTHS

SPLENDID COLLECTIONS OF “MIXED” HYACINTHS

EXCEPT for specialists and fanciers, there is more demand for “assortments” of Hyacinths, grouped in colors, and to meet this demand we have secured a fine large stock of assorted colors as offered below. These come quite a little cheaper in price and can be afforded in larger quantities, and are therefore recommended for beds and borders. These bulbs are what the Dutch bulb growers call first size and are of the best quality.

DUTCH ROMAN HYACINTHS

Known also as Miniature Hyacinths.

These hyacinths are especially adapted for forcing in green houses, for they can be made to blossom very early. There are fewer flowerets on the stem, but where the large hyacinth has but one flower stalk, the Romans have 3 to 5, and the spikes are graceful and attractive and the fragrance more pronounced and delightful.

FRENCH ROMAN HYACINTHS

The flowers of this type, while smaller than the Dutch Hyacinth are borne in much greater abundance, each bulb bearing several graceful flower spikes. They are especially fragrant and extremely early, also easily grown. If potted in August they can be brought into bloom in November and December, and a succession of flowers can be had throughout the season. For cutting purposes the French Roman Hyacinth is the finest bulb grown.

Pure white, large bulbs, 12 to 14 centimeters, each, .06; per doz., .50; per 100, $1.50; extra select bulbs, 13 to 15 centimeters, each, .08; per doz., .85; per 100, $3.00.

GRAPE AND FEATHERED HYACINTHS

Grape. These are dainty little flower spikes bearing curious ball-shaped bells in white and blue. They are of the easiest culture and thrive either in sunny or partially shaded locations in the garden and can remain undisturbed for many years, multiplying their own roots as they grow older.

Blue: 15c per doz.; $1.00 per 100.

White: 25c per doz.; $1.25 per 100.
Darwin Tulips.
Blooming in May, with long stems, large cup-shaped blossoms, in glorious, brilliant colors.

TULIPS

TULIPS are too well known to require any description as to their value in the garden. While they come in white and soft tints, they are best known in the brilliant shades, and bright, gay colors are what we associate with the Tulip. For cut flowers we now have the splendid long stemmed late or May-flowering varieties, but for brilliant bedding effects the early flowering or ordinary Tulip is the type required. For forcing and pot culture the Duc Van Thol type is recommended.

There are hundreds of varieties of Tulips, and while we have not tried to list every one, we have listed the very best varieties and all those that the most particular planter might wish.

The very best varieties for California planters are the "late flowering," "May or Cottage," and "Darwin" Tulips. We have a splendid assortment of these and plenty of them and recommend them to all who love flowering Dutch Bulbs. See special varieties on page 3 of cover.

(If Tulips are wanted by mail add 5c per dozen or 25c per 100 for postage.)

NARCISSUS OR DAFFODILS

There is no flower in the early spring that to our mind brings such refreshing inspiration as the daffodil. They are such dainty, bright, clean flowers, and their fragrance so delightful that nothing else competes with them when they first come in their spring-time glory. They are first to come after the dreaminess of winter. None of the Narcissus type is more delightful than the daffodil (both single and double) and we have secured a splendid collection of them as offered below in the succeeding pages.

**Plant DAFFODILS in October and November out in the open ground in good soil and let them remain from year to year.** The bulbous roots will multiply and send up fine long flower stems every spring. They can also be grown easily in pots, putting 1 or 2 bulbs into a 5-inch pot and planting well watered.

**LARGE TRUMPET DAFFODILS**

If wanted by mail add 12c per dozen for postage.

### Bi-color Grandee: Flowers very large with broad, pure white petals which overlap each other. The trumpet is bright yellow. Rather dwarf and late flowering .................................................. $0.06 $0.50 $3.50

### Emperor: one of the grandest daffodils in cultivation. The perianth is broad and overlapping and the trumpet is very large and finely formed. Both perianth and trumpet a bright yellow. The stems are long and it is fine for cutting .................. 97 90 4.50

### Empress (White Wings): the perianth is pure white and the trumpet bright yellow. The best white and yellow variety .................................................. 97 75 5.00

### Golden Spur: a fine fragrant variety with long stems, excellent for cutting. The perianth is yellow and the trumpet is bright, golden yellow .................................................. 96 50 4.50

### Henry Irving: one of the older varieties. The perianth has narrow petals of a deep yellow color, the trumpet is of a deep golden yellow and very large .................................................. 96 60 4.50

---

Double Golden Yellow Narcissus. Von Sion. One of the best known, old-fashioned varieties. Just as popular now as ever.

Trumpet Major: one of the most popular, large, clear yellow varieties (both perianth and trumpet same color). Valuable for bedding or cutting or for forcing. The most easily grown and the hardest.
DOUBLE DAFFODILS (CONTINUED)

Van Sion: the largest and finest double yellow trumpet variety. This is the old favorite variety so highly prized in old fashioned gardens. Excellent for forcing or cut flowers. If planted out of doors it can remain where planted for a number of years, blossoming freely every year. It is as popular now as ever and every one who loves daffodils should plant it. $0.50 40 3.00

CROWN DAFFODILS (Chalice Cup or Star)

Cynosure, sulphur yellow perianth; yellow cup, stained with orange scarlet; very showy, fine for cutting $0.04 25 1.50
Stella: Star shaped, one of the first to bloom; flowers white with yellow cup; large and very free blooming $0.05 25 1.50
Sir Watkin, a giant flowering variety, the blossoms sometimes measuring 5½ inches in diameter. The perianth is sulphur yellow; the cup deep golden yellow. An old variety, still very popular $0.07 75 5.00
Mrs. Langtry, pure white perianth, broad and overlapping, cup white edged, bright canary yellow; a fine art flower and very prolific. On account of its low price is largely used for naturalizing $0.03 30 2.00
Nelsoni Major, a late flowering crown type. Pure white perianth, and bright yellow cup suffused with orange. The cup is beautifully goblet shaped $0.05 50 4.00

POETICUS NARCISSUS (The Poet's Narcissus)

This is probably the best known of the old fashioned Narcissus, is very fragrant, and on account of the low price, of the bulbs, is used extensively for naturalizing. In this type, the perianth is white, and very large, while the cup is small and margined with red.

Postage 6c per dozen.

Poeticus (Pheasant's Eye), flowers large, snow white and the cup is margined with orange-red; blooms in May. Very fragrant $0.02 20 1.25
Ornatus, an early flowering type and best for forcing indoors. The large golden yellow, snowy white flowers, with saffron cup, margined with scarlet $0.04 30 2.00
Hoqu Pequet, a Double Narcissus (Belladonna, Conspicuus), very large, fine pot culture or edgings and borders. Grows only 6 inches high and each bulb bears from six to twelve stems. The flowers are a rich citron yellow $0.07 75 5.00

POLYANTHUS NARCISSUS

A very fragrant, sweet-scented type of the easiest culture. Can be grown outdoors, in pots or in a dish of water with coarse gravel. The stems each bear from 10 to 20 blossoms at the top.

Dooz. 100. 1000

Paper White Grandiflora, beautiful snow white blossoms with large petals, deliciously fragrant, of easy culture and fine for forcing $0.30 1.75 15.00

Chinese Sacred Lily (single) perianth white, cup yellow, very free flowering and fragrant. Can be had in flower in dishes with water and coarse gravel from December to March. We handle the finest selected bulbs imported from China, in two sizes. Large Each. Per doz.

Dooz. 15. 1.50

Medium to small size $10 1.00

JONQUILS

These are much prized for their delicious fragrance, their graceful stems and blossoms, their rich golden hue, and their fine hardy character. Half a dozen bulbs may be grown in a five-inch pot and forced, while they are easily grown also out of doors.

Postage 6c per dozen.

Single, sweet scented, the best known, very fragrant, rich golden yellow $0.15 1.00
Double Jonquil, very sweet scented; heads small but very double and rich golden yellow $0.35 2.25
Campernelle, large yellow flowers, fine for forcing, fragrant $0.20 1.25
Rugulosus, the largest of the jonquils, rich golden yellow, broad perianth with wrinkled cup $0.25 1.50
Collections—various Narcissus Per Dooz. 100. 1000
A splendid mixture of the best single TRUMPET DAFFODILS $0.50 3.00 25.00
A splendid mixture of the best DOUBLE DAFFODILS $0.50 3.00 25.00
A splendid mixture of CROWN DAFFODILS $0.25 1.50 12.00
A splendid mixture of JONQUILS $0.20 1.25 10.00

IRIS
(Fleur-de-Lis)

IRIS, the Greek name for the Rainbow, was applied to this family in allusion to the manner in which many beautiful colors are blended together in the flower. This curious and charming blending of shades in the same flower gives them the appearance of many of our rare Orchids, with which they can well compete in grace and beauty. As cut flowers they are greatly prized, as they last for a long time and the buds open well in water. They are of the simplest culture, succeeding in almost any soil or location. The bulbs should be planted 2 or 3 inches deep and 6 inches apart, and for best effect should be in beds or groups of twenty-five to one hundred or more bulbs; the greater the number the finer the effect. After flowering the bulbs may either be lifted or allowed to remain for another season. The varieties contained in our collection are the finest and most distinct in cultivation.

SPANISH IRIS

These are the most free-flowering and the earliest of all Iris, and should be in every garden. They are the cheapest in price, and can easily be afforded in large quantities for borders or brilliant bedding effects.

Belle Chinoise. Very fine yellow.
Blanche Superbe. Large white flower with a suggestion of pale porcelain shading; one of the best and earliest.
British Queen. Purest white.
Cajanus. Pure yellow; large flower, very tall, fine for cutting.
Chrysolora. Golden yellow, the best of its color in cultivation.
Darling. Bright blue.
Gold Cup. Darkest bronze, largest variety, very fine.

German Iris (Flags).
As beautiful as an Orchid. It now comes in a great variety of shades and colors.

Formosa. The finest of dark blue.
Ida. Deep yellow, large flower.
Lutea Maximus.
Louise. French gray and white, with golden blotch; very beautiful.
Maximilium. Blue.
Sir Newton. Bronze.
Snowball. Pure white, shading to sapphire at base, with conspicuous golden blotch.
Splendens. Deep blue.
Thunderbolt. Bronze.
William I. Fine yellow.
IRIS (Fleur-de-Lis)

SPANISH IRIS

(continued)

Collection of named varieties. We offer the following mixtures to meet the demand of many of our customers who prefer to order this way instead of by named varieties.

Mixed Blue Varieties, 15c per dozen, $1.00 per 100.
Mixed White Varieties, 15c per dozen, $1.00 per 100.
Mixed Yellow Varieties, 15c per dozen, $1.00 per 100.

Splendid Mixture of all Varieties, 2 dozen for 25c, 100 for 75c.

ENGLISH IRIS

Not less attractive than the Spanish Iris, appearing in large, handsome blossoms, in which blue, lilac and purple shades prevail. The bulbs are hardy, and also suitable for pot culture. Mixture of all varieties ..........................................................25c per doz., $1.75 per 100

Postage, 7c per doz.

GERMAN IRIS

This variety is commonly called "Flags." They are a beautiful flower, as handsome as an Orchid, and, while the native blue and white are the most common, they can now be had in a great variety of colors and tints. We have selected some of the finest varieties, and we are glad to offer them to our customers as follows:

All the following varieties ..................................................25c per dozen, $2.00 per 100.

Bouquet Royal. Creamy white.

Canary Bird. Standard yellow, falls bronze, striped white.

Gloire de Hillegom. Beautiful porcelain blue.

Graceus. Crimson reticulated white, very fine.

Innocenza. Ivory white.

Kharput. Purple, standards blue.

Madam Chereau. White, elegantly frilled azure blue at the edges.

Maori King. Rich golden yellow standards, falls velvety crimson margined gold.

Mrs. Horace Darwin. White slightly veined violet base.

Queen of May. Rosy lilac.

Spectabilis. Deep velvety blue.

Mixtures of all the above varieties and many other s not listed separately, 25c per dozen, $1.75 per 100.

Susana Mourning Iris. This is a peculiarly beautiful variety, and quite distinct from all other types, and must be seen to be appreciated. It is a combination of silvery gray and dark chocolate and black, grows one foot high and blooms in May ........... 25c each, $2.50 per dozen

JAPANESE IRIS

(Iris Kaempferi)

By universal consent, this species of Iris is given first place. It is one of the finest flowers we have, coming in various tints of blue, lavender, crimson, rose and lilac, as well as the dark blues and violets, and beautiful shades and combinations of these. The bulbs are perfectly hardy and the plants are very easily grown in any garden where there is good soil and plenty of water. The blossoms vary from 8 to 10 inches in diameter and are borne on long, graceful stems, blooming profusely in June and July. Bulbs are ready for delivery some time in December.

Bulbs are too heavy to mail.

In mixtures (light blue, dark blue, lavender, white, etc.) ................. 20c each, $2.00 per dozen

In separate colors ......................................................... 25c each, $2.50 per dozen
LILIES OR LILIAM

Lilies are matchless amongst hardy plants for variety of form and variety of color in the garden. They commence flowering in May, and with the various species, maintain a continuous and unbroken show of bloom until autumn. Their stately habit, rich and varied colored flowers, often deliciously fragrant, and of easy culture, render them so distinct from all other hardy plants that no collection, however select, should be without a few of the choicer sorts. The best time to plant Lilies out of doors is in October and November.

Candidum and Harrisii are ready for delivery in August, and the others in one or two exceptions, in October.

Auratum (Gold-banded Lily). One of the finest and most popular of the hardy garden lilies. The blossoms are composed of six large petals of delicate ivory white, studded with dark crimson spots with a bright golden band running through the center of each petal. The flowers when fully expanded, are nearly a foot in diameter, and are very fragrant and bloom from June to October, 15c and 25c each, and $1.50 and $2.50 per dozen, according to size.

Auratum Picton. Similar in form to the Auratum, but tipped with crimson rays studded double attraction. The petals are studded with crimson chocolate spots. 35c each.

Auratum Platyphyllum. Similar to Auratum, but larger and finer in all respects. Especially noted for its broad lustrous leaves which give double attraction. The petals are studded with crimson chocolate spots. 35c each.

Auratum Rubus Vittatum. One of the finest of all Lilies grown in Japan. Its purplish crimson band running through the middle of the petal is so broad that the petals appear to be margined with white. 75c each.

Auratum Winter. A superb fragrant variety of large white flowers which have a yellow band in the center. Each flower studded with crimson chocolate spots. 75c each.

Candidum (Annunciation Lily; Madonna Lily; St. Joseph's Lily). This is one of the best known and popular of garden Lilies. The flowers are pure snow-white and very fragrant, borne on long stems. It is also a valuable variety for forcing; should be planted early in the autumn, so that it can make strong growth before cold weather sets in. 15c each, $1.50 per doz.

Harrisii (The Bermuda Easter Lily). This magnificent Lily is undoubtedly the best for winter forcing, as it comes quickly into bloom. The flowers are trumpet-shaped, pure white, gracefully formed and fragrant. They should be potted in early fall in rich soil and the pots plunged in sand, where they should be allowed to remain until the approach of cold weather. It can be forced into bloom at any desired time, and the freedom with which the flowers are produced is remarkable. Even the smallest bulbs blooming freely. 25c each, $2.00 per doz.

Longiflorum Giganteum. A fine type of Japanese Easter Lily, blooming about two weeks later than Multiflorum. The flowers are very large, of perfect form and superior substance. 25c each, $2.50 per doz.

Longiflorum Multiflorum. An early flowering type of the Japanese Easter Lily. Pure white trumpet-shaped flowers. Splendid for growing in pots for Easter flowering, and very desirable for outdoor planting, being quite hardy. 15c each, $1.50 per doz.

Speciosum Album. One of the most beautiful and easily grown lilies we have. The flowers are of immense size and pure white. Plant grows from 2 to 4 feet high. 25c each, $2.00 per doz.

Speciosum Rubrum. A beautiful variety, pure white, shaded rose and spotted with red; 2 to 4 feet high; a fine, large flower. 15c each, $1.50 per doz.

Tigrinum (Tiger Lily). Fine showy blossoms, brilliant orange-red spotted with black; 2 to 5 feet high, and bloom in August. 19c each, $1.00 per doz.

Tigrinum Flora Pensa (Double Tiger Lily). This is a plant of stately habit, growing from 4 to 6 feet high, bearing an immense number or double bright orange-red flowers, spotted with black. 15c each, $1.50 per doz.

White Calla Lily. Ethel. The well known and popular white Calla. 15c each, $1.50 per doz.

Yellow Calla Lily (Calla Elliottiana), the only true yellow flowered calla in existence, and on account of its marvelous beauty has created a sensation wherever exhibited. It is a summer flowering variety, with the same habit of growth as the well known common White Calla, with flowers of the same size, but of a rich, clear, lustrous golden yellow. The foliage is dark green with a number of translucent white spots, which greatly add to the beauty of the plant—so much so that when in flower the plant at once arrests the attention and is ever an object of enthusiastic admiration. 25c each, $5.00 per doz.

CALIFORNIA NATIVE LILIES

Humboldt Magnificum. A remarkably fine variety attaining the height of 5 feet and bearing profuse—large flowers of golden yellow, spotted with purple. 90c each.

Washingon Lily. The flowers are large and fragrant. Opens white and turns to purple and lilac. They bloom freely in the summer; 3 to 5 ft. high. 50c each.
Lily of the Valley.
Delicate, chaste and beautiful. Hardy and easy to grow.

MISCELLANEOUS BULBS AND FLOWERING ROOTS

**AGAPANTHUS, UMBELLATUS** (The Blue African Lily).
The old favorite; flowers bright blue. Foliage luxuriant and graceful, flowers borne in clusters of 20 to 30, and measure fully a foot across. The flower stalks frequently attain a height of three feet, the flowers opening in succession for a long period during the summer and autumn. Ready for November delivery. 25c each; $2.50 per doz.

**Agapanthus Albus**, a new white variety, very beautiful 35c each; $3.50 per doz.

**OLLUM, AUREUM.**
Beautiful for pot culture or garden decoration; of easiest culture

**Molly or Golden Allium.** One of our most showy border plants; perfectly hardy, bearing large umbels of golden yellow flowers in June. A very old favorite, and fine for naturalizing in the garden, where it forms large clumps. Height, one foot. 15c per dozen; $1.00 per 100

**AMARYLLIS.**
Postage 5c per bulb.
Ornamental plants with large, fragrant, beautifully colored flowers. Frequent disturbance of the roots should be avoided, as this will prevent free flowering.

Belladonna Major, beautiful soft rose 15c each; $1.50 per doz.
Formosima, charming dark crimson 15c each; $1.50 per doz.

**ANEMONE (or Windflower).**
Popular hardy perennial producing beautifully colored flowers all summer.

Fulgens; rich, dazzling scarlet 40c per dozen; $3.00 per 100
Fulgens, fl. pl.; double form of above 50c per dozen; $4.00 per 100
Double; all colors mixed 40c per dozen; $3.00 per 100
Single; all colors mixed 30c per dozen; $2.50 per 100

**ARUM SANCTUM** or Black Calla.
The plant produces one large flower the shape of a calla, but from 14 to 18 inches long and 4 inches broad, and of a rich dark purple color and green underneath. The spathe rising from the center of the flower is about 10 inches long, velvet-like, and quite black. The leaves are large, and of a rich green color, and resemble those of the Calla Ethopica 20c each; $2.00 per doz.

**BEGONIA (Tuberous-Rooted).**
For January delivery. Splendid pot plants, and equally useful for bedding purposes, doing best with partial shade.

Double; all colors mixed 15c each; $1.50 per doz.
Single; all colors mixed 10c each; $1.00 per doz.
MISCELLANEOUS BULBS AND FLOWERING ROOTS
(CONTINUED)

BRODIAEA.

Showy California bulbs, with red, blue, or white tubular flowers, borne in clusters, on stems 1 to 2 feet high. They may be grown in the greenhouse or cold frame, or, if planted out in clumps or masses, they flower very freely in June or July. Mixed varieties 30c per doz.; $2.00 per 100

CALOCHORTUS OR MARIPOSA TULIPS (Also called Mariposa Lilies).

These famous California flowers possess much delicacy and brilliancy of coloring. They somewhat resemble a tulip in shape, are of many colors, shades and markings. Planted in the open border, they flower in June and July. Mixed Calochortus 30c per doz.; $2.00 per 100

CHrys.

Postage 25c per hundred).

Should be planted liberally in lawns and grass plots, where they will flower very early in the spring, before mowing.

Mixed Blue and Purple 10c per doz.; 60c per 100
Mixed Whites 10c per doz.; 60c per 100
Mixed Striped varieties 10c per doz.; 60c per 100
Yellow, large size 15c per doz.; $1.00 per 100
Cloth of gold, giant size, golden-yellow 15c per doz.; $1.00 per 100
Cloth of Silver, giant size, pure white 15c per doz.; $1.00 per 100
Splendid Mixed, a finely proportioned mixture of all the best varieties 10c per doz.; 50c per 100

CROWN IMPERIALS (Fritillaria Imperialis).

Well known spring-blooming, stately, hardy border plants, with clusters of immense pendant, bell-shaped flowers, surmounted with a tuft of green leaves. These bulbs are effective, if left undisturbed for years they form gigantic and picturesque groups, bearing gorgeously colored flowers. Mixed 15c each; $1.50 per doz.

CYCLAMEN, GIANT FLOWERED.

(For December delivery).

A beautiful winter greenhouse or pot plant, with beautiful deep green leaves, and long graceful stems bearing curiously winged blossoms in white and crimson shades. While these may be grown from seed, the best flowers are produced from bulbs.

Persicium Giganteum, giant flowered, Rose, 25c each; $2.50 per doz.
Persicium Giganteum, giant flowered White, 25c each; $2.50 per doz.
Persicium Giganteum, giant flowered Crimson, 25c each; $2.50 per doz.
Persicium Giganteum, giant flowered Mixed colors, 25c each; $2.50 per doz.

DIELYTHA OR “BLEEDING HEART.”

One of the most ornamental of spring-flowering plants, with long, drooping racemes of heart-shaped flowers. If potted in December, left outside till it has formed new roots and then brought in to a gentle heat, it may be had in flower in the greenhouse in February and March.

Spectabilis, magnificent racemes of pink and white flowers 30c each; $3.00 per doz.

FREESIAS.

Greatly prized for the delightful fragrance of the delicately colored flowers, which, when cut, remain in good condition for a long time in water.

Refraecta Alba, pure white, delightfully fragrant, 15c per doz.; $1.25 per 100.
Leichtlinii, large fragrant, pure yellow, 30c per doz.; $2.00 per 100.

GLOXINIAS.

(For December delivery).

Most charming, green-nous plants, of dwarf habit. Their flowers, often 3 to 4 inches, across, are produced in greatest profusion, and are of the most exquisite and gorgeous colors, many of which are magnificently spotted, mottled, and blended. They bloom continuously for months, and by starting at intervals, a succession of their splendid flowers may be had nearly the whole year round. 15c each; $1.50 per doz.

HYACINTHUS CANDICANS.

(Postage 3c per bulb).

Free-growing, summer-flowering plants with flower stems 2 to 4 feet high, each bearing from 20 to 30 large, white, bell-shaped flowers; splendid for groups 3c each; 50c per doz.

Montbretia—Scarlet and Yellow.

A glorious summer flower, with long stems, ending in racemes of scarlet blossoms. Long leaves coming out of the ground like the Gladioli.
MISCELLANEOUS BULBS AND FLOWERING ROOTS (CONTINUED)

IXIAS.

The Ixia is a beautiful little winter-flowering bulb, with low, slender, graceful spikes of bloom. The colors are rich, varied, and beautiful the center always differing in color from the other parts of the flower, so that the blossoms, expanding in the sun’s rays, present a picture of gorgeous beauty. Craterodon, scarlet, good for forcing.......
Vridiflorum, bright soft green with velvety black center.......
Wonder (Rosea plena), deep pink flowers double and very fragrant.

Splendid Mixture of all varieties, containing a great many varieties and colors.

LILY-OF-THE-VALLEY.

(For December Delivery)

For pot culture or forcing by those who have conservatories these cannot be excelled, producing large, fragrant spikes, crowded with bells, and an abundance of dark green foliage. Prices: Selected pips for out of door planting, in bundles of 25, 60c; per 100, $2.25

Clumps for outdoor planting, 60c each—too heavy to mail.

MONTBRETIA.

A summer flowering bulb, bearing bright colored flowers on long, graceful spikes, foliage is long and graceful, and resembles that of the gladiolus. Valuable for cutting, and makes a beautiful display in a clump on the lawn or for borders.

Crocosmia, orange-yellow, scarlet and yellow

Etoile de Feu (Star of Fire), bright vermilion, center yellow, outside blood red

ORNITHOGALUM (Star of Bethlehem).

Arabicum. A beautiful variety, throwing up a tall spike bearing numerous large, milk-white, star-shaped flowers, with a black center, and having a distinct aromatic perfume. They are decidedly pretty and interesting when grown in the garden, but are more largely grown for green-house and window decorations, being of the earliest culture.

OXALIS.

Charming little half-trailing or bushy plants, particularly adapted for pot culture and hanging baskets. The foliage alone is very attractive, and when in flower they are exceedingly pretty.

Bermuda Buttercup, pure bright yellow

Bowell, bright rosy crimson with large flower

OXALIS GRAND DUCHESS.

The Grand Duchess type is a California, variety of dwarf, sturdy growth, with fine large flowers, very free flowering.

Mixture 

Grand Duchess, white

Grand Duchess, pink

Grand Duchess, lavender

Mixture of all varieties.

RANUNCULUS.

French Mixed; fine large, loosely double flowers, very vigorous growers, in gorgeous colors

Persian Mixed; very double rose-shaped flowers

Turban Mixed; double peony-shaped flowers in many bright colors

SCILIA OR WOOD HYACINTH.

Charming little plants that do well under trees or in other shady situations, rendering such spots bright and cheerful.

Sibirica, exquisite blue, adapted for edgings

SNOWDROPS.

Nothing is more beautiful than these modest little flowers, appearing in earliest spring. If dotted throughout the lawn, the effect is most charming.

California Giants. A vigorous growing, large-flowered variety

Single-flowering

Double-flowering

SPARAXIS.

Beautiful flowers borne on long, graceful spikes; the colors are of the most telling combinations and of the brightest shades. They are tigered, blotched, spotted, streaked and flushed in the most diverse and pleasing manner. The bulbs do well when grown in the conservatory or house in pots, and flower during the winter and spring.

Mixed colors

SPIREA OR BRIDAL WREATH.

While these can be used for outdoor planting where they will bloom during the summer, their great value lies in their use of culture as a house plant.

Aristol Flora-bunda, dwarf, and a dense flowerer; clumps; too heavy to mail

TRITELEIA.

A perfect little gem for pot culture. The bulbs are small and several should be grown in a pot. It grows about 6 to 8 inches high, each bulb producing several pretty star-shaped flowers of a delicate milky-white, suffused with blue, and emits the perfume of primroses. They are perfectly hardy, and grown in quantities in a sunny border or for edgings, they are very effective.

TUBEROSES.

The flowers grow on stems 18 inches high, each stem bearing a dozen or more flowers. They are pure white, wax-like, double and very fragrant.

Double Dwarf Pearl
MORSE'S PRIZE STRAIN.

MORSE'S SUPERB PANSIES

LITTLE praise is needed for this most popular of all flowers, as it is seen everywhere and under all conditions. It is, however, well to mention that, no matter how careful and attentive the grower may be, it is but wasted time if you have not the proper seed to begin with. All our Pansy seed is obtained from the most noted European specialists.

Cultivation: It thrives best in a moist, shady location and in rich, loamy soil. Seed should be sown in the autumn for early spring blossoms or can be sown early in the year for good flowers later in the spring. The blossoms are usually larger in the spring and again in the fall, and while it blooms freely all summer, the blossoms are small during the hot months. While the plants carry over well with a little covering during the winter, it is best to plant seed anew each year.

We offer the following extra selected strains of superior large flowers especially for pansy fanciers, all at 25¢ per pkt.:

Dr. Faust, jet black; Five Spotted on White Ground; Striped Mixed; Azure Blue, white edge; Giant Fancy; Light Blue; Gold lace; clear yellow; Cardinal; blood red; Emperor William; Purple, violet shaded; Snow White.

SPLENDID MIXTURES

Morse's Prize Strain. The seed of Morse's Prize Strain Pansy was grown for us by a noted specialist in Belgium and was saved from exhibition flowers, including almost every shade of color, exquisitely spotted and blotched, veined, mottled and margined, and fancy varieties. This strain is so beautiful that no description or praise can do it justice, being unsurpassed for rich and varied colors and immense size. Pkt. of 500 seeds, 50c.

Morse's Imperial German Strains Mixed—A superfine mixture of the choicest German varieties in all colors. Pkt., 25c.

Bugnot Mixed—A circular, ruffled, and five-petaled type, with soft, blended colors and tints, veined on the margins and with a dark blotch at the base of each petal. One of the finest varieties. Pkt., 25c.

Cassler's Giant, Mixed. A splendid mixture of various shades and markings. The blossoms are perfectly round and are blotched at the base of 3 to 5 of the petals. Pkt., 25c.

Giant Trinardeau, Mixed. The largest flowering type of pansies, called the French strain. The top petals are larger than the three lower ones and are beautifully marked. Pkt., 15c.

Giant Odler, or Prize Blotted, Mixed. A large flowered type, with round blossoms. The petals are all blotched at the base and distinctly margined on the edge. Pkt., 25c.

Giant Masterpiece. These new pansies have a most beautiful combination of rich velvety coloring and attractive wavy or ruffled petals. This wavy effect gives a graceful appearance rarely seen in pansies, and while they are really very large, they appear larger on this account. Pkt., 25c.

Large Flowering Varieties—all Mixed. Pkt., 10c; oz., $1.00.

Striped and Mottled, Mixed. Pkt., 10c.

SWEET PEAS

Order the Seed and Plant Now

We are unquestionably the largest growers of Sweet Pea seed in the world, and our immense seed farms about Gilroy in the South Santa Clara Valley are now world renowned.

This popular flower, which is so easily grown anywhere, is especially adapted to California, and most of the seed for the world's supply is grown here. It is of the easiest culture, its only enemies being cut worms and birds, which interfere with the young seedlings. There is no practical remedy for the former, although lime and Paris Green will help somewhat if sprinkled on the young sprouts.

The seed should be sown in the fall in a row, dropping two or three seeds every four inches and covering one or two inches deep. While the growth is very slow in the winter, it is very rapid in the spring, and the plants are in full bloom in May, before the dry, hot summer sets in. The seed, however, can be planted any time until April 1, especially near the sea coast where the weather is cool and where fog is prevalent.

Sweet Peas require an abundance of water and an open location.

The water, if possible, should be applied at the roots, and the vines should not be sprinkled. A trellis of brush or strings or chicken wire is necessary.

The flowers should be kept gathered, since if allowed to go to seed the plants will soon stop flowering.

The Sweet Pea is a climbing annual and hardy. The early flowering varieties are generally used for forcing under glass, but they are very desirable also in the garden, and will bloom in February if seed is sown in November.

There is a very long list of varieties, but as the Sweet Pea has been developed and improved, a great many of the older varieties have been discarded. The list we offer represents all the desirable varieties, and every color and shade is included.

NOTE—If any of our customers are familiar with a name of a variety that does not appear here, and will write us for it, we can probably send precisely the same shade of color in an improved variety under one of the names we list here.

The Star (*) indicates our choice of the best varieties in each class.

Plant Sweet Peas early this Fall, and order your seed NOW.
SWEET PEAS
(CONTINUED)

WHITE.

(Price per packet of each is 5c, except where noted otherwise).

*Dorothy Eckford. The new white of the largest and best type........... 1 oz. .50 lb. 1 lb. 10 .20 .50
*Emily Henderson. A very hardy and free bloomer.......................... 10 .20 .50
*Mont Blanc (white seeded), early forcing variety......................... 10 .20 .50
*Shasta. Our new large white............................................... 10 .25 .60
*White Wonder. A large double variety...................................... 10...

PALE YELLOW, OR PRIMROSE.

*Hon. Mrs. E. Kenyon, a fine, large, clear primrose......................... 10 .20 .50
*Queen Victoria, opens with a faint tint of pink and then turns clear primrose. 10 .20 .50

VERY LIGHT PINK, ALMOST WHITE.

*Modesty. A very soft and delicate pale pink................................ 10 .20 .50
*Nymphaea. A white variety, turning soft pink and then rose as the blossoms fully mature.......................... 10 .20 .50
*Sensation. Opening light pink and buff, with white wings.................... 10 .20 .50

VERY LIGHT PINK AND PRIMROSE.

*Golden Rose. Clear primrose, lightly striped with light soft pink........ 10 .20 .50
*Marchioness of Cholmondeley, buff and light pink, hooded and large........ 10 .20 .50
*Stella Morse. Buff suffused with tint of pink................................ 10 .20 .50

LIGHT PINK SHADES.

*Gladys Unwin, a new giant-flowered variety; a light delicate pink, a little deeper at the edges.................. 10 .30 .75
*Katherine Tracy. Soft pink standard with lighter pink wings............... 10 .20 .50
*Prima Donna. The most popular and satisfactory of all the light pink varieties. 10 .20 .50
*A clear, soft pink self color, with shell-shaped standard, of good size, strong and vigorous vine and long stems........... 10 .20 .50
*Venus. Opens a beautiful buff pink and turns a little deeper at full maturity... 10 .20 .50

DEEPER PINK SHADES.

*Countess Spencer. The giant flowered type with wavy edges..... per pkt. 10c. .25 .75 2.00
*Janet Scott. Clear pink at the base and shading to buff at the edges........ 10 .25 .60

ROSE AND VERY LIGHT PINK SHADES.

*Apple Blossom. Crimson-pink, shading lighter at edges; wings are white, tinted with pink................................. 10 .20 .50
*Earliest of All, or Extra Early Blanche Ferry. The earliest variety grown. Comes into bloom in 8 or 10 weeks after sowing the seed. Bright rose standard with white wings.......................... 10 .25 .60

ROSE AND PINK SHADES.

*Jeannie Gordon. Bright rose standard, showing veins of deeper rose; wings, primrose tinted with light rose........... 10 .20 .50
*Royal Rose. Crimson-pink standard, lighter at edges; wings, pink............... 10 .20 .50

LIGHT PINK SHADED.

*Dainty. Clear white, shaded lightly with blush pink and having distinct edgings of bright but soft pink.................. 10 .20 .50
*Lovely. Both standard and wings have a blotch of deep pink at the base, which shades a lighter pink and a delicate flesh tint at the edges........ 10 .20 .50

ORANGE PINK SHADES.

*Aurora. White, with stripes and flakes of orange-pink...................... 10 .20 .50
*Evelyn Byatt. A crimson-orange self colored................................ 10 .25 .60
*Helen Lewis. Large wavy orange-pink variety of the Spencer type... per pkt. 10c. .15 .50 1.25
*Henry Eckford. Almost true orange self colored............................. per pkt., 10c. .25 .75 2.50
*Miss Willmott. A bright orange-pink, showing veins of a deeper tint.......... 10 .25 .60

BRIGHT RED SHADES.

America. White, with stripes and flakes of brilliant red. The brightest striped variety........................................ 10 .20 .50
*King Edward VII (Improved Firefly). The new red which is taking precedence over all other red shades.................. 10 .20 .50

Shahzada. Deep maroon, showing veils almost black, wings dark violet .......... .10 .20 .50

MIXTURES.

Best Large Flowering Mixture. This is the best mixture that can be made from existing varieties. The colors are well proportioned, and the amount of each is determined by a well-studied and carefully arranged formula, which has been tried and corrected for many years. All the newer and best varieties are in this mixture ................................................................. .10 .15 .45

Striped Varieties Mixed. A beautiful mixture made up exclusively of striped, mottled, and flaked varieties ................................................................. .10 .20 .50

CUPID SWEET PEAS

These are low-growing or dwarf sweet peas, about one foot high and spreading to about two feet in diameter. The foliage is dark green and the stems are short, usually from three to six inches long. The blossoms, however, are larger than those of the tall varieties.

They are recommended for a border, especially along a drive or walk, and while the early buds drop off, the whole plant finally comes into bloom nicely, and is a perfect mat of bright flowers. While Cupidas exist in all the colors and shades found in the tall varieties, we have listed only the best ones and those that are freest flowering. The descriptions are the same as those of the tall varieties.

1 oz. 3/4 lb. 1 lb.

White, Pure White ................................................................. per pkt., 5c. .15 .40 1.00

Pink, color of Earliest of All ................................................................. per pkt., 5c. .15 .40 1.00

Countess of Radnor, Lavender ................................................................. per pkt., 5c. .15 .40 1.00

Prima Donna, Pink ................................................................. per pkt., 5c. .15 .40 1.00

Mixture of all varieties, including those listed and many more besides ............................................................. per pkt., 5c. .10 .25 .75

OUR GRAND SWEET PEA NOVELTY FOR 1908

Morse's Superb Mixture. A mixture of about twelve colors, all of the new giant Spencer type of sweet peas. This mixture contains several new selections which have not yet been named, and we can truthfully state that it is impossible for any other seed house in the world to offer a mixture of Sweet Peas that can anywhere near equal this. We have but a little of it, and can sell it in individual packets only. 50 seeds for 25c.

SPECIAL COLLECTION OF SWEET PEAS

Our "Incomparable" 25c Collection of Sweet Peas. This package contains one packet each of the following 7 varieties.

King Edward VII, bright red.

Dorothy Eckford, large white.

Prima Donna, fine pink.

Lady Griesel Hamilton, beautiful lavender.

Our "Excellent" 50c Collection of Sweet Pears. This package contains one packet each of the following 12 varieties.

Countess of Spencer, mammoth pink. 10c.

Queen Alexandra, new brilliant scarlet. 10c.

Dorothy Eckford, large white.

Lady Griesel Hamilton, soft lavender.

Miss Willmott, large orange-pink.

King Edward VII, bright red.

Our "Splendid" $1.00 collection of the Best Sweet Peas. This package contains one packet each of the following 25 varieties—the newest and best of the following 25 varieties—the newest and best:

Helen Lewis; giant, shell-white, six inches long.

Helen Lewis; giant, shell-white, five inches long.

Helen Lewis; giant, shell-white, must be ordered. 10c.

Helen Lewis; giant, shell-white, two inches long.

Helen Lewis; giant, shell-white, one inch long.

Helen Lewis; giant, shell-white, mottled on white, 10c.

Aurora; orange-pink striped on white.

Queen Alexandra, the new scarlet. 10c.

Miss Willmott, bright orange-pink.

Hon. Mrs. E. Kenyon, large primrose.

Phenomenal, giant picotee edge blue.

Miss Willmott, bright orange-pink.

Hon. Mrs. E. Kenyon, large primrose.

Phenomenal, giant picotee edge blue.

Miss Willmott, bright orange-pink.

Helen Lewis; giant, shell-white, must be ordered. 10c.

Aurora; orange-pink striped on white.

Helen Lewis; giant, shell-white, mottled on white, 10c.

Helen Lewis; giant, shell-white, six inches long.

Helen Lewis; giant, shell-white, five inches long.

Helen Lewis; giant, shell-white, must be ordered. 10c.

Helen Lewis; giant, shell-white, two inches long.

Helen Lewis; giant, shell-white, one inch long.

Helen Lewis; giant, shell-white, mottled on white, 10c.

Aurora; orange-pink striped on white.

Miss Willmott, orange-pink.

Hon. Mrs. E. Kenyon, soft primrose.

Countess Spencer, new giant pink. 10c.

This package contains one packet each of the following 7 varieties:

Miss Willmott, orange-pink.

Hon. Mrs. E. Kenyon, soft primrose.

Countess Spencer, new giant pink. 10c.

Mrs. E. Kenyon, soft primrose.

Phenomenal, giant picotee edge blue. 10c.

Othello, deep maroon.

Navy Blue, violet and blue.

Earliest of All, the earliest pink and white.

Our Grand Sweet Pea Novelty for 1908. This package contains one packet each of the following 7 varieties:

Helen Pierce, blue mottled white.

Hon. Mrs. E. Kenyon, soft primrose.

Phenomenal, giant picotee edge blue. 10c.

Othello, deep maroon.

Navy Blue, violet and blue.

Earliest of All, the first to bloom, pink and white.

Stella Morris, buff and blush pink.

Georgiana Higginson, Jr., azure blue.

Morse’s Superb Mixture, a mixture of novelties of the Countess Spencer type, not yet offered separately. 25c.

Lovely, soft pink with deep throat.

Golden Rose, primrose with soft pink stripes.

Apple Blossom, pink and white.

Lord Roseberry, bright magneta rose.

We are Headquarters in California for Clover and Grass Seeds

A WORD ABOUT YOUR LAWN

TO MAKE A GOOD LAWN: The ground should be thoroughly drained and well prepared. The soil ought not to be too rich, as a rapid growth is not wanted in the grasses of a lawn; but the surface should be as much alike in quality as possible.

After the ground is prepared, have it thoroughly watered and wait two or three weeks for weeds to start, after which hoe the surface—not too deep for the soil does not want to be too soft. It would be well to repeat this operation twice if you have time, for you will save a great deal of time in weeding after the lawn is up.

After sowing, the ground should be rolled in order to press the seed firmly into the soil. The proper time to sow grass seed depends, of course, upon the latitude. On this Coast it may be sown any time from October to March. The sowing should be done when the ground is moist, or before an expected rain. If the ground can be irrigated grass seed can be profitably sown during any month of the year.

All turf-forming grasses are improved, both in vigor and root-growth and in fineness of texture, by frequent mowings. It is impossible to say just how often the grass should be mown, as that depends upon the rate at which it grows. Too close cutting should be guarded against, however, especially during the hot summer months, when the roots require some top-growth to protect them from the burning sun. A good top-growth is also necessary to protect the roots from winter frosts.

The custom of sowing Kentucky Blue Grass or Perennial Rye Grass alone has until quite recently been very generally followed in California, but the result in no way compares with the infinitely superior lawns seen in both public and private grounds throughout the Eastern States. Why? Because a mixture of grasses is used, embracing those of a neat, close growth, best adapted to produce a quick and permanent sod that eventually acquires that smooth, velvety effect so desirable in a fine lawn. We have for some time been experimenting with a view to obtain such a mixture suitable for conditions existing on the Pacific Coast, and have named this formula:

One pound of grass seed is required to seed 250 square feet of lawn. Use half that quantity for renovating old or worn out lawns.

MORSE CALIFORNIA LAWN SEED

This seed is composed entirely of the choicest reclaimed seed, and we can guarantee it to contain many times the number of good germinating seeds that can be found in the cheap chaff mixtures so generally offered at low prices. This mixture is absolutely the best that experience can suggest or that money can buy, and the lowest price at which it can be sold is: Lb., 35c; 100 lbs., $30.00.

Our Golden Gate Park Lawn Mixture. We especially recommend this mixture for those requiring a quick-growing, thick, sturdy lawn which remains green all winter as well as other seasons of the year. This variety contains a small proportion of white clover, just enough to make it a thick mat. In pound packages, 35c; 100 lbs., $30.00.

Morse's Velvet Lawn Mixture. A combination of soft, deep green grasses, which form a thick mat especially in the summer. Is easy to cut and easy to grow in good, moist, rich soil. Per lb., 35c; 100 lbs., $20.00.

CLOVER SEED

If ordered by mail, 10 cents per pound must be added for postage.

Alfalfa—One of the most valuable and largely grown forage plants yielding five or six crops of hay in the season, which is relished by all kinds of stock and is very nutritious. Twenty-five to thirty pounds of seed is required for an acre. 25c per lb. Large lots at market prices.

Alsike or Swedish Clover—Succeeds best in cold, stiff soils and in marshy land. Very good for other species; very hardy and withstands severe cold; is a good honey plant for bees. Fifteen pounds to the acre. 25c per lb. Large lots at market rates.

Crimson or Scarlet Clover—Largey grown for improving the soil by turning under; makes a valuable pasture crop, and if for hay should be cut when in full bloom. Sow 15 pounds to the acre. 25c per lb. Large lots at market rates.

Mammoth Red or Suppling Clover—Grows much larger and lasts longer than the common red clover; being a rank grower, it is largely used for sowing. 15 lbs. to the acre. 25c per lb. Large lots at market rates.

Red Clover—Valuable not alone as a forage plant, but also, for its fertilizing properties on the soil, makes an excellent quality of hay and can be cut twice a year. 15 lbs. to the acre. 25c per lb. Large lots at market rates.

White Clover—Of dwarf habit with creeping stems, rooting at the joints, on which account it makes an excellent turf that stands constant trampling. Sow 8 to 10 pounds to the acre. 30c per lb. Large lots at market rates.
NEW CROP GRASS AND CLOVER SEEDS

RELIABLE—RECLEANED—FOR FALL SOWING

The prices of some varieties of clover seeds may change as the season advances. Prices now given are those prevailing when this catalog was published. It will be to advantage of intending purchasers to write for samples and special prices before ordering in large quantities.

If ordered by mail 10c per pound must be added for postage.

See page 20 for List of Clover Seeds.
MISCELLANEOUS GARDEN REQUISITES
HORTICULTURAL TOOLS, ETC.

Raffia. Largely used by nurserymen and others and considered the best and cheapest material for tying known. It is not affected by moisture or change of temperature, so that cutting or injuring the most delicate branches need not be feared, and does not break or ravel when folded or knotted. Per lb., 20c; in 10-lb. lots, 15c per lb.; in original bales (about 225 lbs.), $1.25 per lb.

The “Cooper” Brass Hose Mender. Made of thin brass tubing; will not rust or wear out; scarcely decreases the flow of water. Easily applied by anyone; simply cut out your bad piece of hose and force the ends of the good hose over the mender until they meet in the center. No other fastening is required; the barbs will hold it firm, and no matter what strain is put on the hose it will be as good as new at the point mended and will not leak. Price, 10c each; $1.00 per dozen.

WATERING POTS.

Galvanized iron, with brass fittings and two brass roses, one fine and one coarse, with each pot .... 6-quart, $2.50; 8-quart, $2.75; 10-qt., $3.25

Trowels, solid shank, cast steel ............... 50 each

MUSHROOM SPAWN

Ten pounds will spawn about 10 feet square. Mushrooms can be grown in any dark room or cellar where the temperature can be kept at from 50 to 70 degrees. From some old pasture procure good, rich soil and to every bushel of this soil add two bushels of fresh horse manure. Of this well-mixed compound prepare a bed, say 4 feet wide. Put down a thin layer and pound it down hard, and go on until you have a bed 14 to 18 inches thick. As soon as the temperature of the bed falls from 75 to 50 degrees the spawn may be inserted in pieces about the size of a walnut, about 2 inches deep and 6 inches apart. Cover with loamy soil about 2 inches deep and beat it down evenly and firmly. Finish off with a covering of clean hay about a foot thick and the work is done. If the temperature is right, in six or eight weeks you may expect mushrooms. The beds will continue bearing from 20 to 30 days. After the first crop is gathered spread over the bed an inch of fresh soil, moisten with warm water and cover with hay as before. The main conditions in mushroom growing are proper and uniform temperature and very rich soil.

ENGLISH MUSHROOM SPAWN.

It comes in pressed bricks weighing about 22 ounces. Price per brick, 35c; 5 lbs., $1.25, postpaid. By express, per brick, 20c; 2 for 35c; 10 lbs., $1.25.

Desirable Hardy Evergreen Trees and Shrubs

ACACIA CULTRIFORMS. Foliage of this variety is triangular in form; color beautiful sea-green; profuse in bloom; of medium-sized growth. A most lovely variety; 25c each.

ACACIA LATIFOLIA. Resembles the "Melanoxylon" variety, but leaves are longer, and tree more floriferous; 8 feet, 60c each; 50c per 10. Smaller plants, 25c each; 2.00 per 10.

ACACIA LINEARIS. Long feathery foliage, very beautiful. 3 to 4 feet. 50c each.

ACACIA MELANOXYLON (Blackwood Tree). A strong upright growing tree. Very desirable for parks and street ornamentation. 2 to 3 feet, 25c each; $2.00 per 10; 3 to 4 feet, 40c each; $3.50 per 10; 6 to 7 feet, 75c each; $6.00 per 10.

ACACIA MOLLISSIMA. A fine, erect-growing tree, with glistening, green foliage, deep green, pointed, yellow, produced in early spring in great profusion. A rapid-growing tree. 2 to 2 1/2 feet, 35c each; 3 to 4 feet, 60c each.

ACACIA PARADOXA. Fine for forcing. It produces its flowers in great profusion. Planted outdoors, it is equally as good. 2 1/2 feet. Bushy plants. 75c each.

ACACIA PYCANTHIA (Golden Wattie). Leaves long and narrow, flowers in long solitary axillary spikes. 2 to 3 feet. 25c each; $3.00 per 10. Smaller plants, 15c each.

ACACIA RETINOIDES FLORABUNDA. Pendulous habit; sea-green foliage; very floriferous and sweet perfumed. 2 1/2 to 3 feet, 35c each; $3.00 per 10; 4 feet, 50c each; 6 feet, 75c each.

ABIES ALCOCKIANA (Alcock's Spruce). From Japan. It forms a beautiful tree of close habit; foliage pale green silvery underneath. Valuable. Balled, 1 1/2 feet, 50c each.

ABIES BALSAMEANA (Balsam Fir). A very erect, regular pyramidal tree with dark green somber foliage; grows rapidly and is very hardy, suitable for planting in cold, damp woods and swamps. Balled, 1 1/2 to 2 feet. $1.00 each.

ABIES BLUE (Glaucous Spruce). A small and beautiful variety of rather loose spreading habit, with bluish green foliage; very hardy and valuable. 1 1/2 feet. 75c each.

ABIES COERULEA HUDSONII. Deep sea-green foliage. Most desirable. Balled, 1 1/2 feet. $1.00 each.

ABIES CILICIA (Cilian Silver Fir). A distinct and beautiful species from the mountains of Asia Minor. It is a compact grower, the branches being thickly set on the stems; foliage dark green; quite hardy. One of the best of the Silver Firs. Balled, 2 1/2 feet. $1.50 each.

ABIES CONCOLOR. A beautiful Conifer, having lovely sea-green foliage. Balled, 1 1/2 feet. $1.00 each.

ABIES CEPHALONICA (Cephalonian Silver Fir). From Europe. A remarkable and beautiful species; very broad for its height; leaves silvery and dagger-shaped with a spine on the point; quite hardy and vigorous. Balled, 2 1/2 feet. $1.50 each.

ABIES DOUGLASII. A magnificent, rapid growing tree with leaves light green above and glaucous below. Balled, 2 feet. 50c each.

ABIES ENGELMANNII. This fine new Conifer is found on the higher parts of the Rocky Mountain. In its most favorable localities this species makes a stately tree, 60 to 100 feet high, forming a narrow tapering spike of a rather dark hue. A suitable tree for reforesting mountain slopes. Balled, 1 1/2 to 2 feet. $1.59 each.

Araucaria imbricata.
ABIES FIRMA. A stately tree, attaining in favorable situations a height of 150 feet, broad-crowned, horizontal, leaves deep glossy green above; paler beneath. A native of Japan. Balled, 1½ feet. $1.50 each.

ABIES GRANDIS. A majestic and graceful tree, towering to a height of 200 feet; leaves arranged in double rows on the branches, apple green above; silvery beneath; very distinct. Balled, 2½ feet. $1.50 each.

ABIES MENZIESII (Sitka Spruce). Alaska and Northwestern. A slow grower, low requiring the moist and shady situations. Rapid grower. Balled, 2 to 3 feet. $1.50 each.

ABIES NORDMANIANA. (Nordmann's Silver Fir). This tree from the Crimean Mountains, is of symmetrical form, vigorous and quite hardy. 3-inch pots, 25c each; balled, 2 feet, $1.50 each.

ABIES PINASPO. A beautiful tree; its compact growth and unique appearance renders it worthy of a place in the garden. The foliage is of a yellowish hue, with glaucous stripes. Balled, 1½ to 2 feet. $1.50 each.

ABIES PICEAS. (Siberian or Tail Spruce). A distinct Japanese species. It is of erect habit and has rigid sharply pointed leaves of a bright green color. $1.00 each.

ARARACURIA BIDWELL. Branches in regular whorls; closely set with spiny, shining, deep green foliage. Very handsome. Balled, 4-inch pots, 75c each; balled, 1½ feet, $2.00 each; balled 2½ feet, $3.50 each.

ARARACURIA EXCELSA (Norfolk Island Pine). One of the most popular, a slow growing, pyramidical form and very symmetrical; hardy in protected locations. Excellent for parlor decoration. $3.00 each.

ARARACURIA IMBRICATA (Chill Pine, or Monkey Tree). A fine tree, of regular pyramidal form; leaves broad, bright green, nearly overlapping each other. $2.00, $3.50, $5.00 and $7.50 according to size.

ARBOR VITAE, GOLDEN. A very choice shrub. It is of low, broad growth, with a beautiful golden-yellow. For lawn adornment it is unsurpassed, the yellow foliage contrasting to perfection with the green lawn. Balled, 1½ feet. 75c each.

AUCUBA JAPONICA. This shrub is sometimes called the "Gold-Dust Tree," on account of its large, glossy foliage being marked with yellow spots. It is an extremely beautiful plant, and is of slow spreading growth. In the warmer sections it should have partial shade. 4-inch pots, 35c each; large bunched plants, 2½ feet. 90c each.

AUCUBA LATIFOLIA VIRIDIS. This variety has dark-green shining foliage; in winter time it is covered with white blossoms, enhancing its beauty. 4-inch pots, 1½ feet. 50c each.

AZALEA INDICA. These beautiful plants are becoming more popular every year for forcing. They are also adapted for outdoor planting. The Azaleas which we offer are all grafted and have bushy crowns, and are well set with flower buds. Assorted kinds. $1.50 each.

BAMBOO KUMASIA. Small, slender, grassy foliage. Clumps, 2 feet. 30c each.

BAMBOO MITIS. One of the largest bamboos; it attains a height of 25 to 35 feet. The canes are used extensively for furniture work, water-pipes, etc. Clumps, 50c and 75c each.

BAMBOO BLACK. This variety attains a height of 30 feet. The canes are black; used for making walking sticks, umbrella handles, etc. Clumps. 50c and 75c each.

BAMBOO QUILLIOL. A very large-growing sort, attaining a height of 40 feet. Clumps, 50c and 75c each.

BERBERIS DARWINII. This is the finest of all the berberis. Foliage thick and leathery; flowers orange, yellow, and deliciously fragrant. Pot grown. 50c each.

BOX TREE, DWARF (Suffruticos). A fine small bush, with glossy, roundish leaves. The variety is well adapted for small plants for edging. 50c per dozen; $3.50 per 100.

BROOK OF HEAVEN. See Diosma.

BROOM ANDREANA. The flowers of this variety are yellow and brown, 2½ feet. 50c each.

BROOM, SCOTCH, YELLOW. 2 to 2½ feet. 40c each.

BROOM, SPANISH. An upright growing shrub. Flowers yellow, produced very freely in the spring and summer. Pot grown, 2 to 3 feet. $2.00 each.

CALIFORNIA BIG TREE. Balled, 3 feet. $2.00 each.

CALIFORNIA REDWOOD. Balled, 3 to 3½ feet. $1.50 each.

CALIFORNIA LIVE OAK (Quercus agrifolia). A familiar sight in our California landscapes, which adds much to its beauty. Balled, 1½ to 2 feet. 50c each.

CAMELLIAS. These showy Japanese shrubs are familiar to nearly every one. They bloom early in Springtime, and are a great acquisition to the garden. The waxy odorless flowers are produced very freely. We offer the double white, double pink, double red, 50c and $1.00 each.

CAMPHOR TREE. A fast-growing, very symmetrical, ornamental tree, thriving in the very poorest of soils. A native of Japan. Bright green foliage; well adapted for lawns and parks. 4-inch pots, 2 feet. 40c each; 3 feet, 60c each.

CASEARINA (Camera) or Wood Tree of Australia. The picture of the Casuarina gives us a good idea of the habit of this beautiful tree. They are eminently adapted for formal planting in California; we particularly commend them for the purpose. The Casuarinas are of rapid growth and suit themselves admirably to the mild, break winds of the ocean or the hot interior valleys of the State. As an ornamental tree, we consider the Casuarina as one of our best evergreen trees. We offer the following varieties: Equisetotelia. 5-inch pots 35c each. Striata. balled, 5 feet, 60c each. Striata, 1½-inch pots. 35c. Striata, transplanted in boxes. $3.00 per 100. Suberosa. 4-inch pots, 35c each.

CEDAR ATLANTICA. Similar to the Lebanon. 6 feet. $2.00 each.

CEDAR, DEODAR—HIMALAYA CEDAR. Exceedingly handsome, with drooping branches and very green foliage, forming a dense narrow. 50c, 75c and $1.00 each.

CEDAR, LEBANON. A magnificent tree, with short horizontal branches and dense dark green foliage. 50c, 75c and $1.00 each.

CRYPTOMERIA JAPONICA. The Cryptomeria thrives best in a dry, hot climate; therefore it is just the tree for this State. It is of splendid growth, and is very ornamental as a young tree.

CRYPTOMERIA, WASHINGTON. A native of California, and one of the most desirable of evergreens. Very extensively planted for hedges. Transplanted in boxes. 2 years, 100, $3.00; pot grown, 1½ feet, 25c each; balled, 2 to 2½ feet, 30c each.

CYPRUS, LAWSON. This California species has great beauty. It is of rather an upright growth; the branches droop gracefully with age, and are of a lovely sea-green color. 3-inch pots, 25c each; balled, 1½ to 2 feet, 50c each.

CYPRUS, MEXICAN. A native of California, and one of the most desirable of evergreens. Very extensively planted for hedges. Transplanted in boxes. $2.50 per 100; $2.00 per 200.

DAPHNE, WHITE FLOWERING. A low-growing shrub, with dark, bright green foliage, and very fragrant white flowers. 50c and $1.00 each.

DIOSMA ALBA—BREATH OF HEAVEN. A handsome little shrub with heath-like foliage and small, white, star-shaped flowers. The leaves when bruised emit a sweet perfume. 25c, 35c, and 50c each.

EUCALYPTUS CHERDA. Pot grown; 2 to 3 feet. 25c each.

EUCALYPTUS GLOBULUS—TASMANIAN BLUE GUM. One of the most useful of all, and a very rapid grower. Pot grown, 2 to 3 feet, 30c each. Transplanted in boxes. $2.50 per 100; $2.00 per 200.

EUCALYPTUS POLYANTHEMA. Pot grown; 2 feet. 20c each.

EUCALYPTUS ROSTRATA—RED GUM. Transplanted in boxes. 3½ per 100. Pot grown, 25c each. $2.00 per 100.

EUCALYPTUS VIMINALIS. Well known and highly esteemed as a hedge shrub. Transplanted in boxes. 50c each.

EUCALYPTUS ROBUSTA, PLATYPHyllA, STUARTIANA, CAMBAGEA, CORIACEA, HEMIPHLOIA, AND OBLIQUA. Transplanted in boxes. $2.50 per 100.
FABIANA IMBRICATA. A very pretty, heath-like shrub of erect growth, producing large tube-shaped flowers in great profusion; when in bloom it is a most lovely shrub. 35c each.

GREVILLEA ROBUSTA—AUSTRALIAN SILK OAK. A splendid fern-leaved evergreen tree which makes a magnificent pot plant for all sorts of decorative purposes; flowers golden yellow; planted out in this State, it soon forms a magnificent lawn or shade tree. 40c and 60c each.

HEATH, MEDITERRANEAN. This variety is most desirable; it produces its small, wax-like, pink flowers in wonderful profusion. 35c and 50c each.

HEATH, NEW ZEALAND. A lovely evergreen species with large, feathery leaves of dark green. 25c.

LIGustrum Japonicum (Japan Privet). Produces large clusters of white flowers, slightly fragrant, followed by purplish-blue berries; leaves glossy, leathery, dark green. A large-growing shrub (or small tree). Makes an excellent hedge; stands trimming well. It also makes a very handsome sidewalk tree when trimmed up. 35c and 50c each.

Ligustrum Ovalifolium (California Privet). A valuable hedge plant; stands pruning well, and is of rapid growth. 15c each; $1.25 per 10.

Loquat. This tree produces a very delicious fruit which ripens in early summer; it comes in clusters and is yellow in color. It is also valuable as an ornamental tree; the leaves are large, crumpled, and olive-green in color. 50c and 75c each.

Magnolia Grandiflora Exoniensis, a lovely evergreen species with large, leathery, bright green leaves that look as if made of wax.

HOLLY, EUROPEAN. A small tree with shining, dark green, thorny leaves somewhat resembling the oak in form; in winter the tree is covered with bright red berries. 50c and $1.50 each.

LAUREL, ENGLISH. 60c each.

LAUREL, PORTUGAL. 60c each.

LAUREL, SWEET BAY. A very ornamental, upright-growing shrub, with deep, dark green fragrant leaves and covered in the fall with berries; if properly pruned, one of the handsomest decorative plants. 35c and 50c each.

LAURustinus. A well-known winter-flowering shrub of great beauty, producing an abundance of white flowers; well adapted for hedges. 15c, 35c, and 50c each.

LIBOCEDRUS CHILENSIS. A beautiful sort. 50c each.

1 foot or 18 inches long and 4 inches wide; in addition to the beauty of the foliage it bears large fragrant white flowers; very rare and choice. 50c, $1.00, and $1.50 each.

MIRrLE, COMMON. A dwarf shrub with shining green leaves and fragrant white flowers. 50c each.

NEW ZEALAND FLAX. 75c each.

OLEANDER. Double white. Double pink. 50c each.

OLEA FRAGRANS. A little-known Japanese shrub; desirable on account of its pretty foliage and sweetly fragrant small white flowers. We recommend it as we know it will give satisfaction. 3 feet, $1.60 each.

PEPPER TREE. A most popular shade and ornamental tree, with fine leathery foliage; producing clusters of reddish berries in autumn. 25c and 60c each.
PINE, MONTEREY. The most desirable pine for shade, and more extensively grown than any other variety in this State. Pot grown, 2 to 3 feet, 50c each. Balled, 3 feet, 50e each. Transplanted in boxes. $3.00 per 100.

PINE, SCOTCH. A fine, robust, rapid-growing tree with stout, erect shoots and silvery-green foliage. Pot grown, 1½ feet, 25c each; balled, 2 ft., 30c each.

PINUS CANARIENSIS. A quick-gowing pine with beautiful glaucous foliage. Balled, 2½ feet, 35c each.

PINUS Pinea. Balled, 2 feet, 35c each.

PITTOSPORUM NIGRICANS. A very handsome upright-growing shrub with silvery-light-green leaves and black stems. A good hedge plant, and very ornamental as an individual. Pot grown, 1½ feet, 25c each; balled, 3 feet, 30c each; $2.50 per 10. Balled, 3 feet, 60c each.

PITTOSPORUM EUGENIOIDES. A large, upright-growing shrub with glossy, yellowish-green leaves; a very effective shrub, and excellent for hedges. Pot grown, 1½ feet, 25c each; $2.00 per 10; 2¼ feet, 30c each; $2.50 per 10; balled, 3 feet, 60c each.

PITTOSPORUM EYNDALUM. Flowers sweetly scented; very desirable. 1½ feet, 25c each.

RIBES. These are among the hardiest of our hardy flowering shrubs and cannot be surpassed for lawn decoration; the flowers range through red, crimson, pink, carmine and violet, etc.; should be planted in partial shade. Price, $1.50 and $2.00 each. (For varieties and descriptions, see our annual catalogue.)

AZALEA MOLLIS. The flowers are larger and of more perfect form than those of Azalea Pontica, and resemble in form and size the flowers of the Azalea indica. Their gorgeous colors vary from yellowish white, rose, all shades of yellow to richest orange. Large, strong, bushy named plants. 3 feet, 35c each.

AZALEA PONTICA. This is one of the most beautiful varieties of hardy shrubs. Their flowers vary from white, through pink, carmine and crimson; sweetly fragrant. $1.00 each.

BIRCH, EUROPEAN WHITE. Remarkable for its graceful, very fragrant, with silvery bark and slender branches. 4 feet, 50c each; 6 feet, 75c each; 8 feet, $1.00 each.

BIRCH, CUT-LEAVED WEEPING. A charming tree, with deeply laciniate foliage. Its silky, slender, yet vigorous growth, graceful drooping branches, silvery white bark, and delicately cut foliage, present a combination of attractive characters rarely met with in one tree. 5 to 6 feet, 35c each.

CATALPA SPECiosa. Leaves large, heart-shaped; of rapid growth; flowers come in long grape-like clusters of white and purple; very fragrant. The timber obtained from this tree is valuable. 5 to 7 feet, 50c each.

CATALPA PUNGELL. Dwarf, 3 feet, 50c each.

CERCIS CANADENSIS (Judas Tree). Produces pink blossoms all along the branches, in spring, before the appearance of the leaves. Much admired. 5 to 6 feet, 50c each.

CHERRY, JAPANESE DOUBLE FLOWERING. A very ornamental shrub (or small tree), producing immense masses of large double pink and double white flowers. 2 to 4 feet, 50c each.

CHESTNUT, AMERICAN. A noble, large-growing tree, at first of slow growth, but eventually growing with fair rapidity. 4 to 5 feet, 50c each.

CH nicornis. Produces a globular-shaped, deep yellow flowers for a long period; foliage slender and graceful. 35c each.

CRAB APPLE, BETCHIL'S. Double shell-pink; sweet-scented. 3 to 8 feet, 60c each.

DECIDUOUS TREES AND SHRUBS

PINE, G. WYOMING—DARLING PEA. Flowers rose color, produced in sprays of from 12 to 20 flowers each, the individual blooms resembling a single flower. Height of 30 to 45 feet; leaves small, acacia-like, a most desirable ever-blooming plant. 35c each.

SCHADENFORDT'S VERTICILLATA (commonly called "Umbrella Pine"). The tree is of pyramidal and symmetrical form, and is especially adapted for lawn decoration; native of Japan. $1.50 each.

SWEET BAY. (See Laurel)

THUJA GIGANTEA. A very ornamental, fast growing Canadian arborvitae, attaining great size. $1.00 each.

THUOPSIS DOLOROSA. Leaves shining green above, silvery-white beneath; of a pendulous, dwarfish habit; branchlets coral-like in appearance; a most peculiar looking tree from Japan. $1.00 each.

VERONICA IMPERIALIS. The finest of the species. Flowers amaranth. 35c each.

VERONICA TRAVERSII. A most desirable sort; dwarf habit; flowers pure white. 25c and 35c each.

VERONICA VARIEGATA. A handsome shrub with fine flowers and foliage. 35c each.

YEW, ENGLISH. 50c each.

YEW, VARIEGATED, IRISH. Deep blackish green foliage; of erect growth; much used in cemetery work. 50c each.

CRANE MYRTLE. Crimson-White. Words fail to convey an adequate idea of the beauty of this shrub. They succeed best in a warm section and blossom for a long period; the flowers have curiously crimped petals. 2 to 3 feet, 50c each.

CURRENT, FLOWERING. Produces pink flowers very early in the season. 2 to 3 feet, 50c each.

DEUTZIA CRENATA. The Deutzias are among the showiest of our shrubs, producing their flowers all along the branches in the springtime. This variety has single white flowers, suffused pink, 30c each.

DEUTZIA GRACILIS. This variety is dwarf-growing and produces its pure white flowers in prodigal luxuriance. 35c each.

ELM, ENGLISH, 5 to 6 feet, 50c each; $1.00 per 10; $2.00 per 100.

ELM, AMERICAN BLACK. 5 to 6 feet, 50c each; $1.00 per 10; $3.00 per 100.

ELM, LATIFOLIA. 5 to 6 feet, 50c each; $1.00 per 10; $3.00 per 100.

HORSE CHESTNUT, EUROPEAN. Of majestic appearance, bearing large clusters of beautiful white flowers, succeeded by mahogany colored nuts, inclosed in burs; the leaves are palmately shaped. 5 to 6 feet, 60c each.

HYDRANGEA PANICULATA GRANDIFLORA. Flowers spike-shaped, pure white, most floriferous; makes a grand specimen on the lawn. 35c each.

HYPERICUM MOSERIANUM. Produces long, slender, much branched stems, leafy to the base and all drooping towards the ends; it is marvellously free flowering; of large size; matured from 2 to 2½ inches in diameter; in color a rich golden yellow, which is rendered still more effective by the numerous bright scarlet calyx-tubes; it blossoms continuously the entire season. Strong plants, 35c each.

HYPERICUM PATELLIFOLI. JOHN'S WORT. A most desirable shrub; it has single flowers of a buttercup yellow, produced nearly the entire summer, and thrives exceedingly well in dry ground. 25c each.

KOLREGUTARIA PANICULATA. A small, round-headed tree, with large clusters of golden yellow flowers. 5 feet, 35c each.

LABURNUM, OR GOLDEN CHAIN. A beautiful small-growing tree, with long drooping racemes of fragrant yellow flowers. 3 to 4 feet, 50c each.

LARCH, EUROPEAN. 1½ feet, 35c each.
LEMON VERBENA. The fragrance from the foliage of this old favorite is delightfully refreshing. 1½ feet, 25¢ each.

LIILAC, PURPLE AND WHITE. 2 to 2½ feet, 40¢ each.

LOCUST, BESSONIANA (Thornless). The most ornamental of all the Locust family; forms a solid, compact head, with dark green, luxuriant foliage. 5 to 6 feet, 60¢ each.

LOCUST, COMMON OR BLACK. A rapid-growing tree, with spreading branches; a valuable timber tree, of various mechanical purposes. 5 to 7 feet, 40¢ each.

LOCUST, DECNAISNEANA—PINK FLOWERING. Remarkable for its vigorous growth and its fine pink or rose flowers. 5 to 7 feet, 75¢ each.

MAGNOLIA CONSPIRA. Of medium size, shrub-like in growth while young, but attains the size of a tree in time; the flowers are large, pure white, and very sweet, appearing before the leaves. 2 feet, 50¢ each.

MAGNOLIA GRAECHIS PURPUREA. Flowers reddish purple. 2 feet, 50¢ each.

MAPLE, SILVER OR SOFT. A rapid-growing tree of large size, irregular rounded form; foliage bright green above, silvery beneath. 6 to 8 feet, 50¢ each.

MAPLE, JAPANESE. None of our autumnal trees can excel these in gorgeousness of coloring; they include red, yellow, orange, and variegated; the uniqueness of the shape of the leaves is also wonderful, some as delicate as the finest lace; very hardy. 3 to 4 feet, 50¢ each.

MOUNTAIN ASH, EUROPEAN—ROWAN TREE. Flowers creamy white; foliage somewhat like the Pepper Tree; covered from August to November with large clusters of orange-colored berries. 4 to 5 feet, 50¢ each.

PEACH, FLOWERING—Double, White, Double Trumpet. 4 to 5 feet, 50¢ each.

PLUM, PURPLE-LEAVED. The young branches are a very dark purple; the leaves when young are lustrous crimson, changing to a dark purple, and retain this beautiful tint till they drop late in autumn; no other purple-leaved tree or shrub retains its color like this; it also bears a fairly good fruit. 3 to 4 feet, 50¢ each.

POPLAR, CAROLINA. A vigorous-growing variety, with large, bright green leaves. 6 to 7 feet, 40¢ each.

POPLAR, LOMBARDY. A very rapid, erect-growing tree of tall, slender habit; very desirable in landscape gardening. 6 to 7 feet, 40¢ each.

POMEGRANATE. Double Red. 35¢ each.

QUINCE, JAPANESE SCARLET FLOWERING. 35¢ each.

RHUS COTINUS, PURPLE FRINGE, MIST TREE. SMOKE TREE. Variously known by these names; it bears much adorned with fringy or hair-like flowers that cover the plant in summer time; does excellently well in the warm valleys of California. 45¢ each.

RHUS—Cut-Leafed. 35¢ each.

SNOWBALL. Produces large, globular, pure white flowers in great luxuriance. 2½ feet, 35¢ each.

SPIREA, A. WATERER. A fine new dwarf variety, with dark crimson flowers. ½ ft., 25¢ each.

SPIRELA CALLOSA. The flowers are produced in large panicles of a deep rosy hue. 2 feet. 30¢ each.

SPIRELA PRUNIFOLIA—BRIDAL WREATH. Flowers double white, produced along the branches in great profusion. 2½ feet, 30¢ each.

SYCAMORE, ENGLISH. Vigorous-growing tree with bright green foliage; far superior to the common American sycamore. 6 to 7 feet, 60¢ each.

TAMARIX, AFRICAN. The foliage of this shrub is most graceful and feathery; the flowers are spike-shaped and of a pinkish hue. 4 feet, 35¢ each.

TEXAS UMBRELLA. A rapid-growing shade tree; peculiarly adapted for sidewalk planting. Flowers in shape of umbrellas, the best in warmer sections. 4 to 5 feet, 50¢ each.

THORN, DOUBLE WHITE. Has small double white flowers; a highly ornamental variety, on account of both foliage and flowers. 4 to 5 feet, 60¢ each.

THORN, DOUBLE PINK. Similar to the above in all respects but color, which is pink or rose. 4 to 5 feet, 60¢ each.

THORN, PAULS, DOUBLE SCARLET. 4 to 5 feet, 60¢ each.

VIRGINIA ROSEA. Elegant shrub from Japan; they produce superb, large, trumpet-shaped flowers of a fine rose color. 2 to 3 feet, 35¢ each.

WILLOW, COMMON—BABYLONICA. The well-known weeping willow. 35¢ each.

CLIMBING AND TRAILING PLANTS

AKEBIA QUINATA. A very distinct and pretty climber from Japan; foliage clover-like in appearance, semi-evergreen; flowers chocolate-colored, appearing in early spring; very sweet, 50¢ each.

AMELOPSIS QUNIQUEFOILIA—VIRGINIA CHEEPEER. Leaves palmate, handsome and luxuriant, assuming in autumn a gorgeous bronze hue. 25¢ and 50¢ each.

AMELOPSIS VEITICHII—BOSTON OR JAPAN IVY. A great improvement on the old Virginia Creeper; fast-growing in the shade or sun. 25¢ each.

ASPARAGUS PLUMOSUS. The leaves are a bright green, are gracefully arched and are as finely woven as the finest silk mesh, surpassing Maiden Hair Ferns in grace, fineness of texture, and delicacy. 5¢, 25¢, and 50¢ each.

ASPARAGUS SPRENGERII. A variety of recent introduction; it is as a basket plant that this will be valuable. 50¢ each.

AUSTRALIAN PEA VINE. Pink flowers; fast growing. 25¢ each.

BIGNONIA GRANDIFLORA—TRUMPET VINE. Rapid-growing evergreen. Bearing large orange, yellow, trumpet-shaped flowers in great profusion. 50¢ each.

BIGNONIA ILLEA SPECTABILIS. These climbers are becoming greater favorites every year. They have peculiarly shaped flowers, somewhat resembing a trumpet in shape, the color being of a rosy lake, and produced at the end of the branches in wonderful profusion. They are invaluable for the greenhouse and do remarkably well in many protected situations out of doors. Strong plants. 60¢ each.

CLEMATIS MONTANA. Produces its pure white flowers in early summer; very floriferous and fast-growing. 60¢ each.

CLEMATIS PANICULATA. 35¢ each.

HONEYSUCKLE, BELGIUM OR ENGLISH. Red and yellow flowers; long bloomer; very fragrant. 35¢ each.

HONEY SUCKLE, GOLD NETTED. A beautiful variety; the leaves are veined golden yellow. 25¢ and 50¢ each.

HONEY SUCKLE, HALLEANA, HALL'S JAPAN HONEY SUCILKE. A strong vigorous, almost evergreen sort, with pure white flowers, changing to yellow; very fragrant; a long and continuous bloomer. 35¢ each.

HONEY SUCKLE, SUGAR CANE. A most beautiful sort. Having scarlet, trumpet-shaped flowers. 50¢ each.

IVY, ENGLISH, LARGE-LEAVED. Leaves thick, shining, leathery. 15¢ and 25¢ each.

IVY, ENGLISH, SMALL-LEAVED. 30¢ each.

IVY, VARIOUS. 25¢ each.

MADEIRA VINE. A very handsome vine of rapid growth; bearing numerous white flowers. 5¢ each. 6 to 8 ft., 25¢ each.

MUCHLENECKIA COMPLEXA—NEW ZEALAND MATTRESS VINE. This pretty, strong-growing climber is very desirable for covering old stumps of trees, rock work, etc.; the foliage is small, dense, and graceful. 25¢ and 35¢ each.
PLUMBAGO CAPENSIS. Can be trained as a bush or climber; flowers light sky-blue, verbenashaped, produced throughout the entire summer; stand drought and water and the brightest sunshine. 35c each.

PASSION VINE, PINK. 35c each.

PASSION VINE, SCARLET. 50c each.

SOLANUM JASMINOIDES GRANDIFLORA. A most beautiful climber. Its flowers are star-shaped and borne in good-sized panicles or clusters. 25c each.

SMILAX. 20c each; 3 for 50c.

ASPIDISTRA LURIDA. Is a most desirable house plant. It will thrive in any position and in any soil, and always look well. 75c, $1.50, $2.00, and $3.00 each.

BRAHEA EDULIS. Unsurpassed, whether grown outside (it is very hardy) or as a pot plant; it has very fan-shaped leaves of bright green color. 50c, 75c, and $1.25 each.

CALIFORNIA PALM (Pritchardia filifera), 25c, 60c, and $1.50 each.

CHAMAEROPS EXCELSA—JAPANESE FAN PALM. One of the hardiest of the Fan Palms; very desirable for outdoor decoration. $5.00 and $14.00 each.

COCOS PLUMOSUS. Hardy in some localities, and when grown outside is of rapid growth. No handsomer palm can be found than this. 3-inch pots, 35c each; 5-inch pots, 50c each.

CORYPHA AUSTRA LIS. Used chiefly for house decoration, though hardy in some locations. 35c and 50c each.

CYCAS REYOLU TA. The well-known “Sago Palm,” so much in demand for inside decoration. 50c, 75c, $1.00, $1.50, $2.00, and $5.00 each, according to size.

DRACAENA INDIVISA. A fine plant for outdoor planting in California, and much in use for lawns, avenues, and parks. The small plants are fine for window decoration. 25c, 50c, 75c, and $1.00 each.

DRACAENA, BROAD-LEAVED. Resembles the preceding, excepting that the leaves are much broader. Most handsome for parlor decoration, pot-grown. 25c and $1.00 each.

EULALIA GRACILIMA. The foliage is narrow, long, and graceful; much used on lawns, where, when supplied liberally with water, it produces a grand effect. 50c each.

FICUS ELASTICA—INDIA RUBBER PLANT. Very large, smooth, leathery leaves, evergreen foliage; generally esteemed one of the finest house plants grown, the plant attaining a large size and tree-shape. 75c and $1.00 each.

KENTIA BELMOREANA. This fine palm is a valuable addition to our collection. Its leaves are pinnate dark green, and so beautifully crisp as to gain for it the name of “Curly Palm.” It is very elegant and graceful in habit. Plants in 3-inch pots, 50c each; in 4-inch pots, 75c each; in 5-inch pots, $1.50 each.

KENTIA FOSTERIANA. One of the finest of the Kentias, with graceful bright green foliage. Plants in 3-inch pots, 50c each; in 4-inch pots, 75c each; in 5-inch pots, $1.50 each.

LATANIA BORBONICA. Leave large, fan-shaped, of a very cheerful green color; adapted to all decorative purposes within doors. 50c and 75c each.

MUSA ENSETE—ABYSSINIAN BANANA. The noblest of all plants is the great Abyssinian Banana. The fruit of this variety is not edible, but the leaves are magnificent, long, broad, and masses, of a beautiful green, with a broad crimson midrib. The plant grows luxuriantly, from eight to twenty feet high. It grows rapidly, and attains gigantic proportions, producing a tropical effect in one season. 50c each.

TECOMA JASMINOIDES. An evergreen climber, with bright glossy foliage; flowers white, with beautiful blotch of lavender; flowers large, bell-shaped, appearing in clusters. Hardy only in sheltered situations. 4-inch pots, 50c each.

WISTARIA SINFEN SIS. This is one of our most admired climbers, blooming in early spring; the flowers appear in long, grape-like clusters of a beautiful lavender color. 75c and $1.00 each.

WISTARIA SINFEN SIS ALBA. A fine variety with pure white flowers. 75c and $1.00 each.

PHOENIX CANARIENSIS—THE CANARY ISLAND DATE. The handsomest and hardest species of the Date Palm family. $1.50, $3.00, and $5.00 each.

PAMPAS GRASS. Strong clumps. 60c each.

TRITOMA PFTZERII, RED-HOT POKER PLANT. So called on account of its scarlet flowers resembling that household article. They are borne on long stiff stems during summer months, and are very effective. Clumps, 75c each.

Abbyssinian Banana.

WASHINGTONIA ROBUSTA. One of the hardiest and most beautiful of palms; in habit of growth resembling our well-known California Fan Palm, but more symmetrical and spreading; leaves fan-shaped, medium size, retaining their dark green color during the winter months; stems short, thorny; of upright compact growth. Balled, 3 feet, $3.00 each.
Ferns

ADIANTUM CUNEATUM—MAIDEN HAIR FERN. In hanging baskets, $1.50 and $2.00 each; in 6-inch pots, 50c each.

ADIANTUM GRACILUM. In hanging baskets, $1.50 each and $2.50 each.

ADIANTUM PEDATUM. In 6-inch pots, 50c each.

ALSOPHYLUS AUSTRAUSTRALIS—AUSTRALIAN TREE FERN. In 4-inch pots, 50c each.

NEPHROLEPIS BOSTONIENSIS—BOSTON FERN. In hanging baskets, $1.50 each and $2.50 each.

NEPHROLEPIS EXALTATA—SWORD FERN. In 6-inch pots, 75c each.

NEPHROLEPIS WHITMANII. New. In hanging baskets, $1.50 each; in 4-inch pots, 50c each.

POLYSTICHUM SETOSUM. In 4-inch pots, 25c each.

PTERIS ARGYREA. A sort with silver foliage. In 4-inch pots, 30c each.

PTERIS DRINKWATERI. In 4-inch pots, 30c each.

PTERIS HASTATA. In 4-inch pots, 30c each.

PTERIS TEMMLERI. In 4-inch pots, 30c each.

PTERIS WINSETTI. In 4-inch pots, 30c each.

Roses

Strong Field Grown, 25c each; Extra Sized Plants, 35c each. Ready for Shipment about December 15th.

Following we give an abbreviated list:

AMERICAN BEAUTY—Glowing deep carmine.
ANNA DE DIESBACH—Brilliant crimson.
AUGUSTINE GUINNOSSEAU—White La France.
BANKSIA, WHITE AND YELLOW—Climbers.
BEAUTY OF GLAZENWOOD—Coppery yellow; climber.
BELLE SIEBRECHT—Silvery rose color.
CHESTNUT HYBRID—Cherry-carmine; climber.
CLAIRE CARNOT—Coppery rose, shaded amber; climber.
CLIMBING DEVONIENSIUS—Good white.
CLIMBING PERLE DES JARDINS—Fine yellow.
CLIMBING LA FRANCE—Pink.
CRIMSON RAMBLER—Bright crimson; climber.

Lamarque.

BLACK PRINCE—Very dark.
BRIDE—Superb white.
BRIDESMAID—Unexcelled pink.
CAPTAIN CHRISTY—Beautiful flesh color.
CAROLINE TESTOUT—Bright pink.
CATHERINE MERMET—Lovely pink.
CHEROKEE, DOUBLE AND SINGLE—White climbers.

DOCTOR GRILL—Buff pink.
DUCHESS DE DRABANT—Rosy blush.
DUCHESS OF ALBANY—Rosy pink.
EMPEROR OF MOROCCO—Very dark.
GENERAL JACQUEMINOT—Glowing scarlet.
GLOIRE DE MARGOTTIN—Intense deep scarlet; climber.

GOLD OF OPHIR—Salmon yellow.
GRACE DARLING—Beautiful blending of pink and white.
ISABELLA SPRUNT—Canary yellow.
KATHERINA AUGUSTA VICTORIA—Extra good white.
LA MARQUE—Pure white; climber.
MADAME HOSTIE—Yellowish white.
MARECHAL NIEL—Deep yellow; climber.
MRS. JOHN LAING—Beautiful pink.
NIPHETOS—Pure white.
PAPA GONTIER—Rich crimson.
PERLE DES JARDINS—Straw yellow.
PERLE D’OR—“Baby Rose,” Nankeen yellow.

GRACE DARLING—Beautiful blending of pink and white.
ISABELLA SPRUNT—Canary yellow.
KATHERINA AUGUSTA VICTORIA—Extra good white.
LA MARQUE—Pure white; climber.
MADAME HOSTIE—Yellowish white.
MARECHAL NIEL—Deep yellow; climber.
MRS. JOHN LAING—Beautiful pink.
NIPHETOS—Pure white.
PAPA GONTIER—Rich crimson.
PERLE DES JARDINS—Straw yellow.
PERLE D’OR—“Baby Rose,” Nankeen yellow.

Phoenix Canariensis. The Canary Island Date Palm. (See Page 28).

Miscellaneous Plants

ABUTILON. In fine variety. 25c each.
CANNAS. Best sorts. 25c each; $2.50 per dozen.
CINERARIA. 15c and 25c each. December delivery.
COREOPSIS LANCEOLATA. Strong roots. 15c.
ECHIVERIA (Hen and Chicken). 50c per dozen; $3.00 per 100.
FUCHSIAS. Assorted. 25c each.
GERANIUMS. Assorted. 15c each.
GOLDEN ROD. Strong clumps. 25c each.
GAZANIA SPLENDENS. 10c each; $1.00 per dozen.
HYDRANGEA HORTENSIS. 25c and 35c each.
HELIANTHUS. Single Perennial Sunflower. 15c each.
HELIOTROPES. Assorted. 20c each.
IRIS KAEMPFERII (Japan Iris). 20c each; $2.00 per dozen.
LIPPA REPENS. Specially adapted for lawn purposes; requires very little water; of quick growth. $3.00 per 100.
MEDICAGO. White. 15c each.
MARGUERITE. Yellow. 15c each.
PANSIES. Morse’s Prize Strain. 50c per dozen.
PRIMULA ‘CHINESE’. 25c each.
SEA PINK (ARMERIA). 50c per dozen.
SPERGULA. 50c per square foot.
SHASTA DAISY. Strong roots. 25c each.
VIOLETS. Assorted. 50c per dozen.
Fruit Trees and Small Fruits
Orders Booked Now—Write for Prices on Large Lots

APPLES

Price, 4 to 6 feet, 25¢ each; 82.00 per 10.

ALEXANDER. Very large and showy; yellow streaked with red. Ripe in September and October.

BALDWIN. Large, roundish; deep bright red over a yellow ground. Ripe in November and December.

GRAVENSTEIN. A large striped apple; very good for table.

LAWVER. Very large; brilliant red, covered with small dots. Ripe December to April.

RED ASTRACHAN. Large, roundish; skin deep red; flesh white. Ripe in June and July.

WHITE WINTER PEARMAIN. Large, roundish oblong and pale yellow, dotted with brown. Ripe December to February.

YELLOW BELLFLOWER. Very long; oblong, irregular, and tapering towards the eye; skin smooth and of pale yellow color. Ripe November to February.

YELLOW NEWTON PIPPIN. Large; flesh yellow; firm, crisp, juicy, of exceedingly rich flavor. Ripe January to March.

CRAB APPLES

Price same as Apples.

RED SIBERIAN. Fruit about an inch in diameter; yellow, with a scarlet streak.

YELLOW SIBERIAN (Golden Beauty). Large; color beautiful golden yellow.

PEARS

Price, 4 to 6 feet, 25¢ each; 83.00 per 10.

BARTLETT. There is no occasion to describe this variety, so well known is it. Ripe in August.

BEURRE CLAIRGEAU. Very large; red cheeks with russet ground; bears very heavily and when quite young; flesh rather coarse at the core. Ripe in October.

BEURRE DIEU. Large roundish; productive; color lemon yellow, with russet dots; delicious, buttery flavor. Ripe in October.

BEURRE HARDY. Large, brown, smooth, very fine flavor, buttery and delicious. Ripe in September.

SECKEL. Quite small; rich, yellowish brown; very sweet and productive. Ripe in September.

P. BARRY. The color of fruit is deep yellow, nearly covered with rich golden russet; very large. Best of all late pears. Ripe January to March.

WINTER NELIS. Medium size; roundish; yellowish green, dotted with russet; nectar flavor. Ripe November to January.

CHERRIES

Price, 4 to 5 feet, 25¢ each; 83.00 per 10.

BLACK TARTARIAN. Very large; bright black. The favorite.

GOV. WOOD. Light yellow, blotched red. Early.

NAPOLEON BIGABREAU (Royal Anna). Very large; amber in color. The favorite white cherry.

MAY DUKE. Large, dark red; fine. This is one of the sorts used for making pies.

PLUMS

Price, 4 to 6 feet, 35¢ each; 83.00 per 10.

BURBANK. Large, yellowish ground, with red cheek; flesh yellow, firm, and very sweet when fully ripe.

BRADSHAW. Very large, dark violet red; juicy and good. Adhering partially to stone. Fine early plum.

CLIMAX. A New Early Plum, cross of Simoni and Botan. Very large, measuring 6¼ by 7¾ inches in circumference; heart-shaped. A superbly rich plum; extremely early; ripens in the coast counties early in July, before any other good plum.

CLYMAN. Large, reddish purple; flesh firm; free-stone. Very vigorous and a heavy bearer. The best of early plums.

GREEN GAGE. Small, but of the highest excellence; round, greenish yellow, with brown dots; very juicy and sweet. August.

KELSEY (Japan). Very large, heart-shaped, greenish yellow, red cheek on sunny side; flesh very solid and firm; juicy, and with a rich vinous flavor; small pit. September.

SULTAN (A New Plum). This huge, oval, deep purplish crimson fruit is generally thought by those who have tested it to be the very best or one of the best plums produced. The flesh is remarkably firm and solid, fragrant, sub-acid, or sweet; dark crimson, beautifully clouded and shaded with light pink, salmon, and light yellow. Ripens July, a week before the Burbank.

WASHINGTON. A magnificent large plum, roundish; deep yellow, with pale crimson blush; flesh yellow, firm, very sweet and luscious, separating from the stone. July and August.

YELLOW EGG. Very large; a beautiful egg-shaped plum; flesh yellow, rather acid until fully ripe, when it sweetens; clingstone.

PRUNES

4 to 6 feet, 35¢ each; 83.00 per 10.

FRENCH. This is the Prune now grown so extensively and successfully for drying purposes.

HUNGARIAN. Fruit very large, with tendency to come double; reddish violet; covered with a handsome bloom; very juicy and sweet.
NICHOLS’ MUIR. LOVELL. EARLY C. FOSTER. ALEXANDER. TRAGEDY. EARLY APPLE NEW 3IOORPARK. LORD BLENHEIM. ROYAL. SILVER. Very large oval; skin yellow. Makes a very attractive dried fruit, besides being a good shipper and canner. TRAGEDY. This is the earliest of all Prunes, and earlier than any Plum. Good size; dark purple skin; yellowish green flesh; sweet and very rich.

NECTARINES

Price, 4 to 6 feet, 35c each; $3.00 per 10. EARLY NEWINGTON. One of the very earliest. LORD NAPIER. Large; pale cream color with dark red cheek; flesh white, melting, tender, and juicy. NEW WHITE. Large; skin white; flesh white, tender, and very juicy; of rich vinous flavor.

APRICOTS

Price, 4 to 5 feet, 35c each; $5.00 per 10. BLENHEIM. Above medium size; flesh juicy, rich, good. HEMSKIRKE. A large and very fine Apricot. MOORPARK. Largest size; rich yellow. ROYAL. A fine early variety; popular in many places as a regular bearer.

PEACHES

Price, one year, 4 to 5 feet, 35c each; $5.00 per 10. ALEXANDER. Most widely grown, being considered the best early variety; medium to large; greenish white, nearly covered with deep red; flesh firm, juicy, and sweet. EARLY CRAWFORD. This is probably the most extensively grown of all peaches. FOSTER. Large, yellow, very rich and juicy. LOVELL. Yellow freestone; uniformly large; superior for canning and shipping. MUIR. The best of all peaches for drying, because it loses less than any other in the process. Has a delicious, rich, buttery, sweet flavor. NICHOLS’ ORANGE CLING. Large; yellow, with purple cheek; flesh yellow and good.

PRUNES (CONTINUED)

IMPERIAL EPINEUSE. Large and uniform in size; very sweet and of high flavor; the skin is thin, and of a reddish purple when green; when dried, coal black. SILVER. Very large oval; skin yellow. Makes a very attractive dried fruit, besides being a good shipper and canner. TRAGEDY. This is the earliest of all Prunes, and earlier than any Plum. Good size; dark purple skin; yellowish green flesh; sweet and very rich.

PEACHES (CONTINUED)

PHILLIPS’ CLING. Fine large yellow cling, showing no color at pit, which is very small. SALKWAY. A large, yellow English peach, with deep yellow flesh; very juicy, melting, and rich. The most valuable late market variety.

FIGS

Price, 3 to 4 feet, 40c each; $3.50 per 10. CALIFORNIA BLACK. A well-known local variety; large dark purple, almost black when fully ripe. WHITE ADRIATIC. Tree a strong and healthy grower; fruit above medium size; skin white and thin; pulp red, fine, exceedingly aromatic, and changes to an amber color when dried.

GRAPE

FOREIGN VARIETIES

Price, 20c each; $1.50 per 10. BLACK HAMBURG. Bunches and berries large; black, very sugary and rich. BLACK MOROCCO. Very large; rich and sweet. CALIFORNIA BLACK. The well-known Mission grape. CORNICHON. Berries very large; oblong; covered with beautiful bloom; skin rather thick and dark. FLAME TOKAY. A magnificent large, red grape. MUSCAT OF ALEXANDRIA. Bunches and berries large, pale amber. ROSE OF PERU. Very large bunches; berries rounding, brownish black. SWEETWATER. Bunches good size; berries medium size, round fruit.

ASSORTED SMALL FRUITS

GRAPE. American, assorted 20c each; $1.50 per 10. CURRANTS. Assorted, 20c each; $1.75 per 10. GOOSEBERRY. Assorted, 20c each; $1.50 per 10. BLACKBERRIES. Assorted, 60c per 10. RASPBERRY. Red, 60c per 10. RASPBERRY. Yellow and black, 15c each; $1.00 per 10. STRAWBERRIES. Assorted, 25c per 12; $1.50 per 100. LOGANBERRIES. 10c each; 75c per 10. MAMMOTH BLACKBERRY (New). 15c each; $1.00 per 10. HIMALAYAN BLACKBERRY. 25c each; $2.00 per 10.
